

Allergy & Intolerance Statement

We take food allergies and intolerances seriously and are committed to providing clear and accurate information to our customers.

Our food is prepared in a kitchen that handles all **14 allergens** as identified by the UK Food Standards Agency: **celery, cereals containing gluten, crustaceans, eggs, fish, lupin, milk, molluscs, mustard, peanuts, sesame, soybeans, and sulphur dioxide/sulphites.**

While we make every effort to accommodate dietary requirements, we cannot guarantee that any of our products are free from the **14 allergens**, as all food is prepared in the same kitchen. In addition, product availability may vary.

Customers with allergies or intolerances are advised to inform a member of the cafe team or a manager before ordering, so we can assist in making the most suitable choice.
